

# Gigaset COMFORT 550

The new standard in comfortable communication at home and for home offices

## Highlights

- o Timeless and elegant design
- o 2.2" TFT colour display for optimal readability
- o Hands-free function & headset connection
- o Two display keys for important functions
- o New comfort call protection
- o Telephone book for up to 200 entries
- o Simple operation
- o Large digits for dialling
- o Hearing aid compatible
- o Removable belt clip

With the COMFORT 550, Gigaset presents the new standard for cordless telephony at home and in the home office. The timeless, elegant design cuts a fine figure both on the desk and throughout the home.

MADE  
IN  
GERMANY

### Calls and conference calls

For professional use, the Gigaset COMFORT 550 impresses with a professional headset connection and an integrated hands-free feature: this leaves your hands free for good conversations and direct transcripts. Excellent voice quality is also guaranteed for classic phone calls.

### A sustainable design for all generations

The new Gigaset generation gives lasting pleasure with high-quality materials and simple operation. And that even across generations: Thanks to the optimal readability of the display and hearing aid compatibility, enjoying communication is no longer a question of age.

### Comfort call protection blocks unwanted numbers

Unwanted calls are a challenge in every phase of life: This is where Gigaset has developed a new function with the Comfort Call Protection that protects against annoying advertising calls. Local, individual blocking is possible for up to 150 phone numbers. If this number is ever reached, the oldest blocked call number is automatically replaced.

### Innovative technologies, Made In Germany

The Gigaset COMFORT 550 is based on our decades of experience in building high-quality communication solutions. Continuously developed technologies such as ECO DECT and Green Office Energy Saving ensure excellent connections in combination with a modern design. A new masterpiece, developed and 'Made In Germany'.
