

TWIST AIR

Humidifier

**Natural evaporation for healthy air.
Suitable for all water hardnesses.**

Air humidity level display with three colours (red: 0-45% RH / blue: 45-65% RH / orange: >65% RH) / Proven mechanism of water evaporation – preventing white dust / Super fine water nebulisation (0,0004 µm) – much finer than what e.g. ultrasonic humidifiers are capable of / Washable and reusable humidification mat / Water tank can be easily and cleanly refilled / In summer, remove the humidification mat to turn your TWIST AIR into an air circulator / Control panel with touch-sensitive sensor buttons / Sleep mode. All control lights are switched off and the appliance works at the lowest (and most quiet) level.

Art.-Nr.: 969.98
Type: 7220
Colour: white/grey
Output: 12 W
Voltage: 100 - 240 V
Frequency: 50/60 Hz
Dimensions: 34 x 23 (H x Ø)
Weight: 2,3 kg
Watertank: 2,8 l
Humidification power: up to 300 ml/h
Power levels: 4 (I, II, III, Turbo)
Automatic mode, adjusting humidification power to current room air humidity
Recommended room size: up to 44 m² / 105 m³
Noise level: approx. 24±3 dB to 52±3 dB
EAN Code: 7611210969983
