

SOLIS Gelatissima

Type 8503

Ice cream tastes best when you make it yourself. With fresh ingredients and your own recipe.

Solis

Easy To Use

Extremely simple to operate, with no frills. This means it is done in a jiffy.

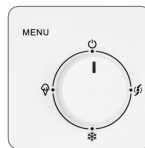

Inbuilt Compressor

No need to pre-chill cooling elements. GELATISSIMA comes with a built-in cooling unit.

Detachable Container

Removable and easy to clean ice cream container.

Versatile Modes

Three different operating modes: mixing, cooling or mixing and cooling.

High Performance

The motor and mixing tool built into the lid guarantee perfect results.

Great For Experimenting

Use your own fresh ingredients for the best homemade ice cream.
