

# SOLIS Aroma Brewer

Type 1021

The filter coffee machine Solis Aroma Brewer features a shower head brewing system for a rich coffee flavour. Its aroma selector allows the user to customise the strength of the freshly brewed coffee.

## 24-hour timer function

Simply set the timer and wake up to the irresistible scent of freshly brewed coffee.

## Aroma selector

The aroma function allows for a stronger, more aromatic coffee when brewing smaller quantities of coffee.

## Shower head technology

The shower head distributes hot water evenly, ensuring the full extraction of coffee aromas.

## Large water tank

With a capacity of 1.8 litres, the water tank can hold more water than other comparable machines.

## Keep-warm function

The switchable keep-warm function keeps coffee at the perfect temperature for 30 minutes.

## Magnetic dosing spoon

The magnetic dosing spoon reliably clips anywhere onto the metal housing and is therefore always ready to use.

Separately available:

### Permanent Gold Filter

Replaces paper filters, reducing costs and protecting the environment  
Article no.: 70056  
EAN: 7611210700562
