

# SOLIS Eco Silent

Type 7584

With the SOLIS Eco Silent, you can easily get through the summer heat. With 8 speed settings, 3 programs, a timer and various angles of rotation. This fan is whisper-quiet and can be controlled remotely.

## Whisper-quiet operation

A minimum noise level of only 31.8 dB(A) promotes concentration and reduces audible distraction.

## 4 oscillation angles

Set the fan to oscillate at 30, 60, 90 or 120° of rotation for partial air circulation.

## 8 speed settings

The speed button lets you select 8 different speed settings from low to high for every situation and need.

## Automatic switch-off timer

This fan lets you set an operation time of up to 12 hours in 1-hour intervals after which the fan will switch off automatically.

## Adjustable vertical angle

Position the head upwards by up to 35° for full flexibility.

## Remote control & display

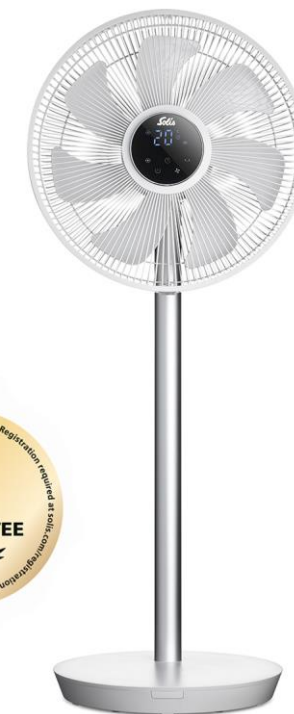

Conveniently operate the fan from a distance with the cleverly designed remote control and display in one.

## Features

- + Rotor with a diameter of 30 cm and 7 blades circulates a large amount of air.
- + 3 operation modes: automatic, sleep or standard
- + Sophisticated design upgrades any home interior
- + Advanced LED display switches off automatically when control panel has not been used for 5 seconds
- + Low power consumption
