Ingenio, simplify your cooking!

Looking for a way to simplify your home cooking? Ingenio has got you covered. A removable handle for pots and pans to go from stovetop to oven to fridge* like magic? Check. A stackable design to save space in the kitchen? You got it. Ingenio: simplify your cooking!

Ingenio Emotion is the best range for flavorful and evenly-cooked results. Made of premium quality Stainless Steel outside and titanium safe**** non-stick coating inside, this range ensures an extreme resistance and durability.

****According to internal tests.**

*****This Tefal guarantee does not affect the statutory rights a consumer may have or those rights that cannot be excluded or limited, nor rights against the retailer from which the consumer purchased the product.**

******Stricter controls than those required by current food contact regulations. No PFOA in compliance with applicable regulations. No Lead, No Cadmium (no Pb, no Cd) means no intentional addition of Pb and Cd in the coatings and not detected by tests conducted by external laboratories.**

***Do not store acidic food.**

PRODUCT BENEFITS

Cookware that does it all

Smooth sailing in the kitchen every time! All you need to simplify your everyday home cooking: a magic removable handle, an oven-proof and fridge-ready* pan, and a space-saving stackable design.

Sturdy removable handle

A removable handle for heavy-duty use with total peace of mind: 3-point safety system, able to handle up to 10 kg in weight and protected by our 10-year guarantee for performance that's built to last.

Safe non-stick coating

As part of our commitment to uncompromising standards of safety, all of our food contact non-stick coatings are free of PFOA, lead and cadmium. Tests are realized by external independent laboratories with stricter controls than those required by current food contact regulations.

Premium stainless steel

Quality you can count on day after day: a 5-year warranty covers the very best in rust-proof stainless steel, promising robust performance and extreme durability with no risk of damage over time.

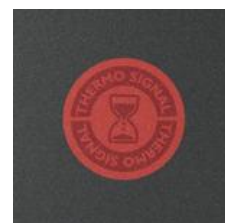

Titanium non-stick

With ultra-densified primary layers designed to withstand daily cooking over time, this durable coating delivers non-stick performance that lasts up to 2 times longer than Tefal's standard coatings.

Thermo-Signal™ technology

Enhanced Thermo-Signal™ technology turns full red when the pan has reached the ideal starting temperature, ensuring delicious meals with perfect color, texture and flavor every time.

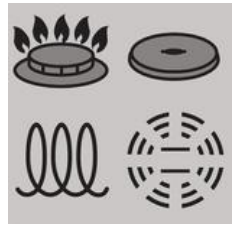

Easy to clean

Designed to meet all your daily cooking needs, discover cookware with a high-performance non-stick coating inside and out, for easy cleaning and convenient cooking.

Full induction

Perfect heat diffusion and evenly cooked results day after day with an extra-thick, high-impact bonded base that prevents deformation over time.

Full compatibility

Fully compatible with all stovetops for total versatility: gas, electric, ceramic and induction.

Cool-off period

Eco-benefit: Give your cookware time to cool off at room temperature prior to putting them into the refrigerator, to cut down on the energy needed to maintain cool temperatures inside the fridge.

Tefal: World #1 in Cookware

Tefal works hard to ensure perfect cooking results—just one more reason to choose Tefal! [Source: Euromonitor International Limited, Home and Garden 2019 edition, brand retail value RSP, 2018 data]
